## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. Claims 1-5, 7, 10-15 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

- a. The invention as disclosed requires two handles and jaws. There is no support for a tool having only one handle without jaws and an additional handle.

### ***Allowable Subject Matter***

2. The following is a statement of reasons for the indication of allowable subject matter: if the 112 first paragraph rejection is overcome the combination of at least two handles with one handle having a socket with screw threads inside of the socket openings and a jaws would possibly be allowable.

- 1. Claims 6 and 8-9 are allowed.

### ***Response to Arguments***

- 2. **Applicant's arguments filed 7/6/04 have been fully considered but they are not persuasive.**
- 3. **Applicant argues that the 112 first paragraph rejection is invalid.**
  - a. The term comprising does not allow the applicant to claim more than what is disclosed in the specification. A tool with one handle could be a pocket knife or

screw driver and there is no support for such a tool in the specification. There are no drawings to support this tool as well. The specification must enable the invention and disclose how that enabled invention works. This is simply not the case in the instant application.

b. Claims supported by the specification have been allowed.

### ***Conclusion***

1. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
